LED LIGHTING

2019-2020

JOIN US

Let Inspiration Talk

WE LOVE TO WORK & WE LOVE WHERE WE WORK

Ketai Industries Lighting Co., Ltd. was founded in 1999 in Foshan, Guangdong of China, focusing on researching, development and production of lighting including led downlights, led track lights, led wall lights, led ceiling lights, led pendant lights and led outdoor lights.

Our factory covers an area of 40000 square meters, including the die-casting workshop, stamping workshop, powder coating workshop, and assembly workshop.

We have 500 employees, our greatest advantage is to design, develop and produce the special, creative, high-tech LED lights. No matter what kinds of LED lights you want, just tell us your demand, the best solution would be provided by our professional engineers.

Our well experienced 30 engineers in the R&D dept. customize available solutions for various lighting projects and, free design drawing can be provided according to customer's demand.

We are ISO 9001 certified manufacturer. Most items of our products are approved by CE, RoHS,UL, SAA Certificates.

QUALIFIED LIGHTS

Made in KETAI Lighting

Well-equipped apparatus and instruments, and strict quality control throughout all stages of production;

Owning R&D team with 30 experienced qualified engineers;

5-10 new items are currently distributed to market every month;

One stop of complete solution for lighting projects;

Unique imagination and designing, advanced developing technologies;

Strict quality parameters conformed with standards.

QUALIFIED SUPPLY CHAIN

CHIPS

DRIVERS

ELECTRICAL COMPONENTS

PRODUCTION PROCESS

Thanks to our perfect PMC system, production system and strict quality control system with perfect inspection process.

All new products undergoes stringent validation and age testing prior to production.

All products undergoes "burn in" test prior to packing.

All orders are QC inspected by our staff prior to shipping.

All products in mentioned have independent certified to meet customer's need.

Global Excellence Made in KETAI Lighting

We have 500 employees, our greatest advantage is to design, develop and produce the special, creative, high-tech LED lights. No matter what kinds of LED lights you want, just tell us your demand. The best solution would be provided by our professional engineers, our well experienced 30 engineers in the R&D dept. customize available solutions for various lighting projects, free design drawing can be provided according to customer's demand.

We are ISO 9001 certified manufacturer. Most items of our products are approved by CE, RoHS, SAA etc. certificates.

We are keeping on running with the vision focusing on service, education, brand and technology support. With 20 years of practice and experience, Ketai lighting is getting a good reputation in commercial lighting industry in the world and has an extensive sales network.

Lighting Solution Made in KETAI Lighting

Thanks for our unique and creative design, our product is introduced in mainly application, from large residential or public buildings to commercial, institutional or public spaces.

Lighting Completeness Made in KETAI Lighting

We are ISO9001 certified manufacturer and most of our products are approved by CE, CB, UL, SAA, GS, TUV and CCC certifications. The quality of our products is assured by our implementing QS ERP system and well-equipped testing lab. With more than 20 years experience in lighting fixtures exporting field, our market has covered Europe South America, Mid-East and Russia.

The R&D Department has 30 engineers and they independently research and develop new products each year.

Our engineers have the comprehensive ability of structure development, optical design, thermal design to meet customers' various demands.

Ketai Lighting is a commercial lighting manufacturer specialized in a diverse range of interior light with exterior light. The product range covers LED recessed downlight, LED track light, LED ceiling light, LED wall light, LED magnetic light system and LED outdoor light.

Value Added Service Made in KETAI Lighting

The greatest advantage of ours is to design, develop and produce the special, creative, high-tech LED lights. No matter what kinds of LED lights you like, just tell us your demand, the best solution would be provided by our professional engineers, 30 well experienced engineers in the R&D dept. And also we customize available tailored solutions for various lighting projects.

Using what we have learned and accumulated experience, we are constantly moving forward and creating new concepts. This proprietary technology allows us to tailor our customers.

Tailor-made is an alternative solution, which means

- 1) customizing the size of the luminaire according to the size of the area used;
- 2) maintaining the color of the luminaire in harmony with the overall color of the area used and the surrounding environment;
- 3) design style of the luminaire to meet the needs of the decoration style of the use of the regional space;
- 4) the performance of the luminaire meeting the needs of specific application scenarios, such as waterproof, moisture-proof and corrosion-resistant.

LENS

- 5 years warranty.
- Good quality of power coating process.
- Material is conducive to heat dissipation of products,which ensures the life.

LENS

KT7061 15W
KT7060 20W
KT7062 34W

- Lower UGR < 16
- High lumen output, high efficient lens.
- LENS optics exchangeable: oval, uniform and high intensity.

Uniform Lighting Delivery
